

CHELMSFORD AMATEUR RADIO SOCIETY

Newsletter No. 47

December 1969

Meetings

The next meeting of the Society will be held on Tuesday 2nd, December at the Marconi College, Arbour Lane, Chelmsford, commencing at 7.30 p.m.

Direction finding hunts have been the highlights of Society activities for some time now and this month, especially for our hunters; Mr. E. Mollart has kindly offered to show some of his cine film taken during D.F. hunts. Mr. Mollart is himself a very keen hunter and his films and lecture on this fascinating topic will, no doubt, provide an enjoyable evenings entertainment.

Raffle

A bumper one this month! Tools - Q max chassis punches etc.

Next Committee Meeting

The Committee next meets on Wednesday 17th December 69 in the saloon bar of the 'Wheatsheaf', New Street, Chelmsford at 7.30 p.m.

CARS v VARS

The result of the radio quiz held at the November meeting was Chelmsford Amateur Radio Society 78½ Vange Radio Society 68. We wish Vange better luck in a possible return match and thank them for being such a challenging team.

D.F. News

Last Hunt of the Season held on Sunday 9th, November

After an extremely wet start to the day, the weather improved, enabling the hunters to compete without oilskins and sou'westers. The wind, however, did not relent and continued to blow at gale force strength all afternoon. The transmitter was located in a large wood near Mill Green NGR 637014. (sheet 161).

First windswept hunter home was Don Beattie G3OZF at 14.49 followed at regular intervals by 8 more teams, the last arriving at 15.40. It would appear that a record was broken as all competitors found the hidden station! A complete list of results is shown below:-

1. G3OZF 14.49
2. G3RNL 14.59
3. G3EDM 15.06
4. G5IX 15.07
5. G3KPJ 15.16
6. G3WSN 15.17
7. G3PEV 15.19
8. G3UOG 15.23
9. G3BGO 15.40

CONGRATULATIONS

To Danny Begg, a Committee Member, on obtaining his call G3YZJ
