

CHELMSFORD AMATEUR RADIO CLUB

29th December, 1960

The first meeting of 1961 will be held on January 3rd, at Marconi College, Arbour Lane, Chelmsford.

Commencing at 7.30 p.m., the feature of the meeting will be four films -

"The Junction Transistor in Radio Receivers".

"The Transistor; its Principles and Equivalent Circuit".

"Mirror in the Sky" (concerning radio astronomy).

"The Manufacture of Frame Grid Valves".

- presented by courtesy of Messrs. Mullard Ltd.

The Committee invites members to bring their friends along and takes this opportunity of passing to all concerned, their 73 for the New Year.

CHELMSFORD AMATEUR RADIO CLUB

The next meeting of the Chelmsford Amateur Radio Club will be held at 7.30 p.m. on Tuesday, 6th October, 1959, at Marconi College, Arbour Lane, Chelmsford.

The speaker this month will be Mr. L. Varney (G5RV), the designer of the well-known "Elizabethan" transmitter, who will discuss and demonstrate his newly designed CW, AM and S.S.B. transmitter.

Anyone interested is cordially invited to attend.
